#### Says Mrs. Burton's Allegations Are Without Foundation.

In an interview yesterday evening Miss Helen Burton, who is here in the interest of her father, A. Chadwick Burton, sentenced to a long-jail term on account of fraudulent dealings with the Epworth Methodist Church, stated that the letter recently written by Mrs. Burton is entirely without foundation in fact. She says further that her father has always supported her, and that he has been giving Mrs. Burton monthly allowances ever since he separated from her, fifteen years ago. Miss Burton also stated that her father had been endeavoring to secure a divorce from his present wife, and that the matter, owing to the non-appearance of Mrs. Burton has been hanging fire in the courts for four years. The non-support business, referred to in the letter, Miss Burton vehemently characterizes as untrue, and calls it by a stronger name. Miss Burton, before coming to Richmond, had been attending school at Westchester, Pa., where she will graduate says further that her father has always

Miss Burton is a firm believer in her

his guilt were true, he has been punished enough. She is now awaiting the
decision of Governor Swanson in answer
to her appeal for the pardon of her father.
In any event, she-declares it is her intention to remain in Richmond until her
father is released.
